

Seth Green Joins Hacker Miniseries 'Delete'

By Dominic Patten on Aug 14, 2012 10:49 am

The Emmy-nominated actor and *Robot Chicken* creator is going to play Lucifer in [Delete](#). Not that Lucifer, but a hacker activist who is described as a cross between Gene Hackman in *Enemy Of The State* and WikiLeaks' Julian Assange. [Delete](#) is a four-hour miniseries depicting a near future where the World Wide Web has turned on mankind. [Green](#) co-stars in *Delete* with Keir Gilchrist, Matt Frewer, Janet Kidder, Erin Karpluk, Gil Bellows and Ryan Robbins. The miniseries is directed by Steve Barron. *Stargate SG-1* scribes Joseph Mallozzi and Paul Mullie wrote the screenplay. Currently shooting in Vancouver, *Delete* is being produced by Canada's Brightlight Pictures, with distribution by Sonar Entertainment. Green, who appeared on [Buffy The Vampire Slayer](#), the *Austin Powers* movies and does voiceover on *Family Guy*, among others, is repped by UTA, Koopman Management, and attorney David Weber of Sloane, Offer, Weber and Dern, LLP.
